Dear Rhett:

I wanted to take a few minutes to thank you for the continued support that you have offered me through Success Motivation International. Not only have I learned how to set goals and achieve them, I have gained a great deal of confidence in my abilities and strengths.

Honestly, I believe one of the greatest things I have learned from the SMI goal-setting program is how to differentiate between my own values and priorities as opposed to those I am “assuming” from those around me. Upon grasping that concept, I felt a huge sense of empowerment over my own destiny.

Additionally, I have come to recognize that failures are merely temporary set-backs rather than permanent markings of my character.

I have truly gained from this program and will continue to use it – and to progress – for the next 40 or 50 years.

Thank you, again.

Warmly,
